**Registration is open for the  
 May 3rd**

PEF FUN RUN at

<https://eventbrite.ca/event/13357114489/>

We are looking forward to all sorts of teams:  
 families, organizations, schools.  
 A perfect spring morning to be outside  
 having fun and helping our students

Once again PEF has paid the registration fees  
 for all LBPSB teams for the  
**Montreal Regional Science & Technology Fair**  
**March 29-31, 2015**  
 at Concordia University

and E.A.S.T. Junior Robotics  
**April 24/25, 2015**  
 at John Rennie High School

For the first time, PEF has gone beyond  
 funding classroom projects and assisting  
 individual students to enabling the expansion  
 and long-term financial viability of an entire  
 permanent **program**. The CFER at LCCHS,  
 which had been recycling wood skids into fire  
 kindling, had an opportunity to expand into

rebuilding and reselling actual wood skids. PEF purchased the reconditioned fork lift without  
 which the CFER could not go forward.

As MELS austerity measures result in every increasing revenues insufficiency for public  
 education, PEF is re-examining its fundraising and its grants policies. Our direction is clear:  
 to support the success of LBPSB students where the needs arise.

The streamlined, simplified application form, to be completed electronically, for the  
**Grants to Schools and Classrooms for 2015/16**

has been sent out to all administrators, staff councils, staff organizations, governing boards,  
 parent reps and groups, and is **NOW AVAILABLE** on the PEF website

**The deadline for applications, including governing board approval, is  
 JUNE 30, 2015**

**Approvals will be decided in October, 2015 and materials purchased in November**

*Barbara Freeston, president*
